### **HOW THE KENNEDY MEN STOOD IN THE WAY of the “Secret Societies”**

*.... and the resulting  
murders.*

Col. L. Fletcher Prouty, USAF  
Died June 5, 2001

### **A Eulogy . . .**

.... Col. Fletcher Prouty was a true man of the people .... He could not accept the idea that Americans would be left to *live a lie*. The public, sadly, is living a lie, about the assassination of President John F. Kennedy .... Robert F. Kennedy .... and the son of the former President, John F. Kennedy Jr. Prouty was in a position to know the truth about the early planning for the *next two wars* .... and the reason for the final *overt* takeover of the United States by the Secret Societies on November 22, 1963 in Dallas, TX .... Col. Prouty spoke and wrote the truth as he believed it -- in spite of the grave risk to himself and his loved ones -- in an attempt to keep the people free. Col. Prouty served as a contract consultant to Oliver Stone for the movie *JFK*.

.... God willing -- his message delivered to my seminar attendees will have a lasting impact, as reprinted here -- long after his death on June 5, 2001, at the age of 84. Col. Prouty was buried in Arlington National Cemetery on July 2, 2001.

.... At the time, JFK was elected in November, 1960, Col. Prouty was an Airforce Col. assigned to the office of the Secretary of Defence, Thomas Gates. He had been in the *Pentagon* for 6 consecutive years. All of that had been spent as *Chief of Special Operations*. That meant the support of the clandestine operations of the *CIA*. He was with headquarters, *Airforce* from 1955 to 1960 and *Secretary of Defence* from 1960 to 1962 .... and with the office of the *Joint Chiefs of Staff* in 1962 and 1963.

# POST WWII AMERICAN HISTORY ACCORDING TO COL. FLETCHER PROUTY

.... These following comments are a summary of Col. Prouty's preliminary remarks to our seminar registrants beginning with his experiences in 1945.

Col. Prouty was in Okinawa after the atomic bombing of Japan and the Japanese had surrendered. Equipment had been stockpiled and accumulated in Okinawa in expectation of an American invasion of the Japanese homeland. 500,000 men were to invade Japan and the heavy artillery, tanks, ships, and munitions of all types had been stockpiled in Okinawa for that half-million man invasion. Prouty had questioned the U.S. leaders on Okinawa as to what would be done with this incredible accumulation of military hardware since Japan had surrendered.

.... He was quite surprised to learn that full-blown plans had already been laid out that half of the equipment would be shipped to Indochina (*what was to be called South Vietnam*) and half of the equipment was to be shipped to South Korea. The actual delivery of this accumulation of hardware was completed *in 1945* - (*Vietnam and South Korea*).

.... Prouty made clear his convictions that the Vietnam war and the Korean war both had been preplanned by the spring of 1945 when the Japanese surrendered. Our attendees -- when learning this -- sat in stunned and shocked silence. Col. Prouty was kind enough to make himself available to our subscribers in our Hospitality Suite and spent the following Friday, Saturday, and Sunday in March, 1993 answering questions about this.

.... Prouty's answers to the questions were knowledgeable. The secret leadership of America, deeply hidden behind the scenes, had already arranged for ***two more wars*** as World War II had barely ended. What an incredible shock to learn such a development! Our readers today cannot perceive the silence that fell over the room when Prouty's remarks were delivered.

.... The following is an edited summary of Col. Prouty's remarks regarding the days of the John F. Kennedy administration from January 1961 onward. The basic fact that becomes patently clear through this statement of Fletcher Prouty is that John F. Kennedy was *his own man*. He believed in the election of the President to be a mandate of the people of the United States and that he was, in fact, the leader of the country and would make decisions *on his own*.

.... This fundamental belief in our system of government by the Kennedy family has led to the annihilation of the Kennedy men including John F. Kennedy Sr., his son John F. Kennedy Jr., and his brother Robert F. Kennedy -- all three of them assassinated by Satanic powers which control this country. Below Prouty explains how Kennedy's determination to limit the power of the CIA and to totally replace it -- and to terminate all operations in Vietnam -- resulted in the decision leading to his assassination:

**Both** had to be done away with -- because they both believed in the american system. They were "**DEAD**" wrong! Don't make the same mistake as the Kennedy brothers.

# THE CONSPIRACY BLOCKS FREEDOM FOR THE CUBAN PEOPLE

.... Col. Prouty discussed how McGeorge Bundy, a member of the *Skull & Bones Society* of Yale, ordered the cancellation of the air strikes which were to take out the three aircraft available to Fidel Castro. As a result of Bundy's order, the *Bay of Pigs* invasion failed badly and Kennedy's plans to free the Cuban people were blocked by the conspiracy. *Col. Prouty's seminar delivery follows:*

## Col. Prouty's March 4, 1993 Seminar Comments . . .

.... "With a cover letter to the President, dated June 13, 1961, an 81-page formal report on the Bay of Pigs fiasco written by General Maxwell Taylor, was submitted. More importantly, JFK had directed the Taylor group to make recommendations to him to strengthen clandestine operations by the CIA. As a result of the Cuban invasion failure, this group further recommended the establishment of a secret group to be supported by a Cold War indication center to replace the CIA.

.... It was those recommendations that led to a rare action on the part of the President. He personally signed a *National Security Action Memorandum #55* dated 28 June 1961, transmitted to the Chairman of the *Joint Chiefs of Staff*. This is what Kennedy told the Chairman of the *Joint Chiefs of Staff* in that powerful paper:

.... "I wish to inform the Joint Chiefs of Staff as follows with regard to my views in their relations to me in Cold War operations" (a euphemism for clandestine operations):

A) "I regard the Joint Chiefs of Staff as my principle military advisor responsible for initiating advice to me and for responding to requests for advice. I expect their advice to come to me direct and unfiltered."

B) "The Joint Chiefs of Staff have a responsibility to the defense of the Nation in clandestine operations, similar to that which they have in conventional hostilities".

.... This was one of the most important and most internally controversial actions of the Kennedy Administration. This was the *true* source of the often stated story that Kennedy had pledged to break the CIA into a thousand pieces. This NSAM 55 would go further. Had Kennedy lived -- it would have taken the CIA right out of the clandestine operations business.

.... It was a blockbuster. I happened to be, because of my job at the time, the officer assigned to the task of briefing this document to the *Joint Chiefs of Staff*. They were stunned by its direct statement. To this day, I remember them turning to each other sort of thinking . . . My God -- we're supposed to fight wars and now the President is telling us to take care of clandestine activities in peace time.

.... In the long run, they had no choice. With Kennedy as President, they had to obey it and carry it out. It is my personal conviction that this document, among a few other major revolutionary changes planned by Kennedy, led to the decision to assassinate him by the power centers who opposed it. From their point of view, he could not be allowed to make such revolutionary changes, and moreover, in his second term that was sure to follow.

## JFK DECIDES TO PULL OUT OF VIETNAM

Had John F. Kennedy lived, Americans would not have fought and died in Vietnam during that terrible 1965-1975 warfare. The cost: \$550 billion and 58,000 American lives.

.... "By mid summer 1963, Kennedy had decided not to involve military forces in Vietnam and had initiated studies based upon a great number of meetings in his own office leading to the fulfillment of that decision. Having made up his mind on that score, he began a series of actions that supported his plan. Early in September 1963, the President sent General Krulak, my boss, and a senior Foreign Service officer, Joe Mendelhall, to Vietnam to get all the updated first-hand information they could.

.... At the end of September, he sent Secretary of Defense, McNamara, and Chairman of the Joint Chiefs of Staff, Taylor, to Vietnam for another on-the-spot review. On October 11, 1963 this latest Kennedy policy was published as NSAM #363 and, among other things, it stated that the bulk of all U.S. personnel would be out of Vietnam by the end of 1965. This single statement made headlines around the world. Above here's a typical headline:

.... This is *Stars and Stripes*, the military newspaper as published in the Pacific and notice what it says: "U.S. troops seen out of Vietnam 1965". Oliver Stone came out and said there was absolutely no substantive historical proof that he ever said such a thing.

## 20 YEARS OF PLANNING BLOCKED!

.... This came as a massive blow to those who were for the warfare in Indochina for almost 20 years. You see, we had been there, in Indochina -- since 1945 right up to Kennedy's death, fighting a war under the operational control of the CIA, not military people. Military people were there but not in control. It has been estimated that the Vietnam War cost \$500 billion in addition to 58,000 American lives. The policy of NSAM 263 was a crucial

decision: -- *no war, no hundreds of billions of dollars*. This decision without doubt led to the decision-making process that resulted in the President's assassination.

## JFK VIETNAM POLICY REVERSED 4 DAYS AFTER HIS DEATH

.... "Because of the enormous significance of the assassination of Kennedy during the Cold War period, let me just review some things that you've all heard before, but I want you to see them the way we handled them in the (*Oliver Stone*) movie. .... On November 22, 1963, Lyndon Johnson became *President of the United States of America*. On that same date, President John F. Kennedy was assassinated in Dealey Plaza in Dallas, Texas. On November 26, 1963 President Johnson signed a *National Security Action Memorandum #273* as guidance for the future of Vietnam plans and policy -- *four days* after Kennedy's death.

.... This brief directive initiated changes *reversing* Kennedy's *Vietnam Policy of 363* that was signed in October 11 of 1962. Kennedy had decreed that the bulk of U.S. personnel be out of Vietnam by 1965. Strangely, this *NSAM 273*, which began the reverse in Kennedy's policy toward Vietnam was drafted on November 21, 1963. I have a copy dated the day *BEFORE* Kennedy died.

.... He would not have requested that paper before he died, and he would not have signed it. Consider: -- *Why would it have been drafted for his signature on the day before he died?* And second -- *why would it have been given to Johnson so quickly after Kennedy died?* President Johnson met with J. Edgar Hoover

Lyndon Johnson

November 29, one week after Kennedy was shot, to discuss the list of names compiled for the Commission to investigate the assassination! Not a court action, not a legal action, just an *ordinary commission* to investigate. No subpoena powers at all!

.... These men were Chief Justice Earl Warren . . . Chairman Republican Gerald R. Ford . . . Republican Congressman Hale Boggs . . . Senator Richard Russell . . . Senator John Sherman Cooper . . . John McCloy (a new York banker) . . . Allen Dulles (a New York lawyer and formerly director of Central Intelligence) . . .

Senator Jacob Javits of New York . . . and General Lorris Northstadt of the U.S. Air Force.

.... All were approved to serve on the Commission except the last two for reasons unknown. Johnson and Hoover were old friends that had lived across the street from each other in Washington for the past 19 years. They understood each other -- they needed each other. As recorded in a memorandum for the record on that date written by Hoover, copied for eight of his senior FBI deputies. I have a copy.

Fatal Day. Most Americans reject Warren Commission conclusions on assassination.

.... Lyndon Johnson, who had been in the third car behind Kennedy in the Dallas motorcade, took advantage of his first White House meeting to ask his old friend some personal questions that had caused him great concern since the assassination.

.... He asked, "how many shots were fired?" Hoover replied, "three shots were fired at the President and we have them." Quite a statement from the FBI! "The President was hit by the first and third bullets and the second hit Governor Connolly" .... Hoover's quote.

.... This discussion between two old friends which took place on November 29, one week after Kennedy's assassination, is important. It reveals the deep concern of President Johnson. He heard those bullets pass over his head. He never forgot the sound and he never forgot its significance. He had been educated at Dealey Plaza.

## PROUTY REVEALS

### MURDER INCORPORATED

.... Early in June 1971, a few days after the Pentagon papers appeared in the New York. Leo Janus, formerly a White House staff member under Johnson, attended a luncheon in the private dining room of the Johnson library with the ailing ex-president and other friends.

.... As Janus reported later in the *Atlantic Monthly Magazine* of July 1973 (you can all get a copy in the library and read it). The talk turned to President Kennedy and Johnson expressed his belief that the assassination in Dallas had been part of a conspiracy. Johnson never believed that Oswald acted alone although he could accept that he pulled a trigger. That's Johnson's words as written by Janus. Johnson followed with a statement that had a megaton force of a full-size hydrogen bomb. He said and Janus wrote: . . .

.... "We had been operating a damned *Murder Incorporated* in the Caribbean." Now that was June 1971. Johnson died in January 1973 and this Janus article appears in July of 1973. Since that date with those words of the man who had established the Warren Commission itself -- the man who was in the motorcade behind Kennedy -- and the man who, as President, became privileged to the darkest secrets of government -- it should have been clear to everyone by then that Kennedy was killed as the result of a massive conspiracy . . . by a team of professional killers, *Murder Incorporated* as a result of a consensual decision from the highest levels of power in the country.

.... Clearly, by late 1963, the decision had been made that:

- 1) Kennedy had to be deprived of reelection
- 2) Kennedy had to go - - and
- 3) perhaps more effective than all of them, the Kennedy dynasty had to be thwarted.

.... Now this is *real* power talking. The fact of conspiracy underscored by President Johnson himself makes it clear that the report of the Warren Commission which maintains that *one* man, Lee Harvey Oswald, with a rifle and three bullets killed John F. Kennedy and severely wounded Connally at Dealey Plaza in Dallas is totally false and contrived. The report of the Warren Commission had been used to provide the lifeblood of a massive cover story.

.... It has been kept alive for decades to brainwash generations of Americans and others around the world. It perpetuates the *American coup d'état*. This is of great significance. President Johnson's statement confirms the conspiracy.

The only publication you will need to understand the Satanic Conspiracies murder of John F. Kennedy Jr. -- a future President and "Son of America". . . . available at 1-800-543-0486

.... These points are topped by his belief that "we have been operating a damn *Murder Incorporated*." This fact defines the nature of the crime. Note Johnson's choice of words . . . "we have been operating" The "we" has to be the United States government or at least an agency or instrumentality of the government.

This 1997 book is the only one you need to understand that the "Secret Societies" killed the Presidents brother - not Sirhan Sirhan.

THE ARTS  
MOVIES

## Twisted History

Oliver Stone's 'JFK' is not just an entertainment, it's a piece of propaganda for a huge conspiracy theory of the Kennedy murder

**H**ere we go again. The school book depository. The sixth-floor window. The grassy knoll. The umbrella man. The fourth shot. The pristine bullet. The eternal flame.

Recreates Dallas as it was on Nov. 22, 1963. Prune tree so they are the same height they were that day. Send an identical open limousine into the tight turn onto Elm Street, headed for the triple underpass. Roll the cameras on an event that stunned America and seared its heart. Follow the script:

Then the SHOTS: A volley sounding like a motorcycle backfire. A GLIMPSE of a MUZZLE FLASH... smoke. Looking up from the TEXAS SCHOOL

Newsweek - 12-23-91

.... Further, Johnson underscores that we had been operating this murder capability over time. He doesn't limit the work to a single event, the Kennedy murder. He remembers back through the years to the close of World War II and, at least, to the uncounted times when the enemies of the government had been killed by this *Murder Incorporated* . . . quickly, cleanly, with precision, and without their apprehension and prosecution by anyone. This is the nature of a government-sponsored hit man professional operation.

.... I must tell you I have worked on such things and I have been to the places overseas -- we don't keep this here in the United States. Johnson chose the Mafia term "*Murder Incorporated*" to describe what he meant. This choice of words has great significance. Teams of professional hit men are recruited, trained, equipped, and provided with a complex of real life identities, by this government, in order that they may live a strange existence as normal individuals. They're always available for these special duties anywhere and against any target. They're skilled automatons who are set in motion by a code system that does not require the identities of those who have made the decision to reap the power.

.... Johnson calls this unit "Murder Incorporated". As we know, a corporate body is eternal, if desired. These murder teams belong to an organization that is, in a special sense, timeless. Such murders are not arranged and carried out on an ad hoc basis. These teams are always ready. With the above in mind, let me go one step further. I don't know whether or not you saw the

Oliver Stone film, *JFK* .... I don't know what you thought about it or if you didn't. I do know that for the tens of millions around the world who did see the movie, that the Mr. "X" Jim Garrison saw on the Mall of the Vietnam Memorial was a climax and an awakening for millions of people.

The only book you'll ever need to understand the true meaning of the JFK assassination .... *JFK*, the CIA, Vietnam and the plot to assassinate JFK, by Col. L. Fletcher Prouty .... available through Criminal Politics Book Club.

.... To understand the reasons why this decision had been made, we had to take a very penetrating look at the Kennedy era. So much has taken place since then - - so much has happened to each one of us since then. We have become mislead by the media and by a flood of books that aren't true history." -- End of quotation of Col. Prouty . . . (Not the complete speech)

## HOW MANY OTHER PUBLICATIONS HONOR & PROTECT THE SACRED COW?

.... YOU CAN COUNT ON CRIMINAL POLITICS MAGAZINE TO TELL YOU THE TRUTH!

## CONSPIRACY POLITICS A Brief Explanation

Since this publication is based on the need to consider political decisions in every aspect of our lives, and since these decisions are under the sub rosa control of the Conspiracy - - an explanation and description of the Zionist "New World Order" is needed.

The Trilateral Commission is the private group founded by David Rockefeller in 1973, designed to be a super-sophisticated offshoot of the much older and larger Council on Foreign Relations and of the European Bilderburg Society. These groups are frequently referred to in the independent press by many names, but most frequently as the "New World Order." They are all part of a world wide conspiracy of Zionism - Communism.

## RECENT HISTORY

The publishers of CRIMINAL POLITICS view the "Combine" as a super high-level (and illegal) political party. Their first candidate for president (hand-picked) was none other than James Earl Carter in 1974. David Rockefeller managed to dupe the Democratic National Committee in 1972 into believing that Jimmy Carter was a Democrat, when in reality he was a "Trilateralist." Today, the Conspiracy controls BOTH the Republican National Committee and the Democratic National Committee from behind the scenes . . . Ross Perot was selected by the conspiracy to throw both the previous Presidential elections to Bill Clinton who had been selected as their choice for President. Bush had no intention of being re-elected - - (neither did Bob Dole).

The Zionist Conspiracy's political aspirations broke through strict press censorship back in February 1980, during the Republican Primary Campaign of George Bush, when he was competing with Ronald Reagan for the presidential nomination . . . The 1980 Primary Campaign is the only case (that we are aware of) where the established press carried stories of the existence of the Zionist-Trilateral Combine. There are still copies of those clippings available in our files.

## WORLD GOVERNMENT

The goals of the "New World Order" are simply world wide control - - through world gov't . . . They foster the elimination of nation states, borders, independent currencies, and national gov'ts. They claim to work for "world peace" and the brotherhood of man, when in fact they impose their police state control over all nations of the world.

They are working strenuously for the formation of a world currency (the EURO) and a world central bank

(which already exists in the form of the IMF and the World Bank). . . The New World Order is anti-American, anti-religious, atheistic, anti-Christian, anti-Catholic, and anti-Protestant. The New World Order maintains lock-tight control over the United States through the CIA and the Republican National Committee (which executes destabilization campaigns against certain conservative organizations).

Alan Greenspan stands by - - to bring on a doubling of interest rates, if the conspiracy's policies are not followed by the United States Senate and the House of Representatives. The New World Order functions much as does the Communist Party in the Soviet Union and the New World Order has its "Politburo" in the form of David Rockefeller, Henry Kissinger, and the publishers of the "New York Times" and the "Washington Post," which are the conspiracy's two major mouth pieces!

## MERGER OF U.S., U.S.S.R., & E.E.C.

The immediate goal of the New World Order is the merger of Europe into a single-nation state, which they plan to be completed by 2000 . . . In addition, it is their goal to finalize and complete the merger of the U.S. and the U.S.S.R. and the U.S.S.R. and China, which began decades ago in 1917, when certain New York bankers financed the Zionist takeover of Czarist Russia.
