America's Secret Establishment

After 16 books and 25 years in basic research I thought I'd heard it all. . . the world was a confused mess, probably beyond understanding and certainly beyond salvation — and there was little I could do about it.

Back in 1968 my *Western Technology and Soviet Economic Development* was published by the Hoover Institution at Stanford University. In three substantial volumes I detailed how the West had built the Soviet Union. However, the work generated a seemingly insoluble puzzle — **why** have we done this? **Why** did we build the Soviet Union, while we also transferred technology to Hitler's Germany? **Why** does Washington want to conceal these facts? **Why** have we boosted Soviet military power? And simultaneously boosted our own?

In subsequent books, the *Wall Street* series, I added more questions — but no answers. I had more or less arrived at the conclusion that there was no rational answer that could be proven.

Then a year or so ago I received an eight-inch batch of documents — nothing less than the membership lists of an American secret society. Glancing through the sheets it was more than obvious — this was no ordinary group. The names spelled Power, with a capital P. As I probed each individual a pattern emerged. . . and a formerly fuzzy world became crystal clear.

The book you will read here is a combined version of a series reporting on this research. Each volume builds on the previous volume in a logical step-by-step process.

These volumes will explain **why** the West built the Soviets **and** Hitler; **why** we go to war, to lose; **why** Wall Street loves Marxists **and** Nazis; **why** the kids can't read; **why** the Churches have become propaganda founts; **why** historical facts are suppressed, **why** politicians **lie** and a hundred other whys.

.. This series is infinitely more important than the original *Western Technology* series on technological transfers. If I have a **magnum opus**, this is it.
